"This is such a fine day, suppose we go fishing or out of town for a visit"—and the church for that Sunday is left to itself.

This is not your idea of supporting the best asset our community has. But many persons put pleasure ahead of church attendance.

The Church Needs You

The pulpit and the press are the two great upbuilding forces of every community. You wouldn't care to live in any town where either was absent. Suppose everyone gave the church the support you do—in time and money. How long would it keep alive,

You have a definite responsibility to support some church. It is helping you whether you know it or not.

ENGLAND PAYE \$50,000,000 ON U. S. WAR DEBT

is First Interest Instalment. Second Payment Expected November 15

Washington, Oct. 16.—A payment of \$50,000,000 from the British government on account of interest on Great Britain's obligations to the United States was received today by the treasury through the federal reserve bank at New York. A second payment of approximately the same amount is expected November 15.

The treasury announced that the money received today would be used to provide in part for the \$137,000,000 of interest which became due and payable today on liberty bonds and treasury certificates. Provision is made in the liberty loan act that interest on the war loans should be utilized for this purpose.

The payment today by the British treasury, which was made through J. P. Morgan & company is the first interest installment on the \$4,750,000,000 British debt to be paid since May, 1918, when such payments were suspended under a tentative agreement between the United States and the debtor nations.

A gentleman never has to proclaim that he is one.

LUTHERAN WOMEN MEET IN WALHALLA

Three Day Conference for Missionary Union of South Carolina Synod

The State.

Walhalla, Oct. 16.—About 100 delegates to the missionary convention composed of the women in the South Carolina Lutheran synod will gather in old St. John's Lutheran church in Walhalla tomorrow evening to begin a session, running through three days. Mrs. M. O. J. Krens of Columbia is president of the convention. She is an aggressive worker and the work has developed much in missionary activity the last few years.

Mrs. Larkin of New York will attend as a visitor and will take an active part in the proceedings. Another feature of interest will be one of the returned missionaries from Africa, Sister Laura Gilliland.

Since the merging of the Lutherans, North and South, the women's work has also taken a broader scope. Formerly they were interested only in mission work in Japan, but now they have part in the work in India, Africa, Danish West Indies, China,

South America and in the rehabilitation of Christianity in the war torn lands of Europe.

They are also supporting the home mission work. This past year these women in South Carolina have taken it upon themselves to do their part in Christian work at Rock Hill among the students at Winthrop college.

The people in the town of Walhalla are looking forward to the coming of these visitors with pleasure.
